This has been a very busy year for the 1985 Annual Staff. We have, for the first time, switch to a "Spring Delivery" book, which moved our deadlines up considerably. I would like to thank the staff for all their great work and for putting up with all the yelling. I hope this book captures all of the great times in 1985 at GHS.

Thanks,

*Jodie Castli*

# Top Sellers For 84-85

The movies that crashed the boxes offices across the country were Purple Rain, Beverly Hills Cop, and Ghostbusters! The best among the top selling L.P.'s in the music world were: Madonna, "Like A Virgin"; Huey Lewis and the News, "Sports"; Billy Ocean, "Suddenly"; Prince "Purple Rain"; and Bruce Springsteen, "Born In the U.S.A.". The top cars of the year were Fieros, Turbos, and Mazda RX7s. The year's results proved that the year was a success for old and new.

# Clothing Styles

This year was a year for style changing. Many new styles were introduced to the students of Grandview High this year, among them were the following four. These four proved to be the most popular throughout the year. They were Striped clothes, Pull-over Jack-ets, Baggy shirts and vests, and last but not least Sunglasses, otherwise known as "Shades."

New years always invite new styles, but this year will always be remembered as "Bringing back the styles of the past."

# Foreign Exchange

This year we were very fortunate to have two excellent foreign exchange students: Janet Davies from New Zealand and Sheilandra from India.

Janet arrived here last winter and had to go back to New Zealand in January. When she first arrived, many things seemed odd to her, such as our customs, clothing, school system, and the beverages we sometimes consumed. Janet learned to adapt though, and by the time she departed, she had a good understanding of what America was really like. Janet left behind a little something in all of us that will not soon be forgotten, and she will be missed.

Sheilandra, or 'Shelly', arrived here in August and spent this whole school year with us. The United States is a long way from his home in India and he too had trouble adjusting to our society, and is still learning to do so. Shelly still finds many of our customs and habits hard to believe, but in time, they will become more and more common to him and he will accept them.

It was hard watching Janet leaving us and there is no doubt that it will be even harder for some people to watch Shelly leave. But we have to understand that they miss their home as much as we will miss them. We should be thankful to have had two foreign exchange students of such high caliber.

## "Fun in the Sun" Basketball Homecoming 1985

Basketball Homecoming was celebrated with a lot of enthusiasm this year. Everyone got into the Hawaiian spirit of things. At the assembly, Scott McKinney was crowned king, his escort was Michelle den Hoed. Two princes were chosen from each class. The Jr. class won the tug-of-war contest, even overcoming the strength of the teachers.

Although the crowd showed their school spirit at the basketball game, it wasn't enough to take the Hounds to a victory. The dance after the game was the Hawaiian highlight of the night.

# Fall Formal

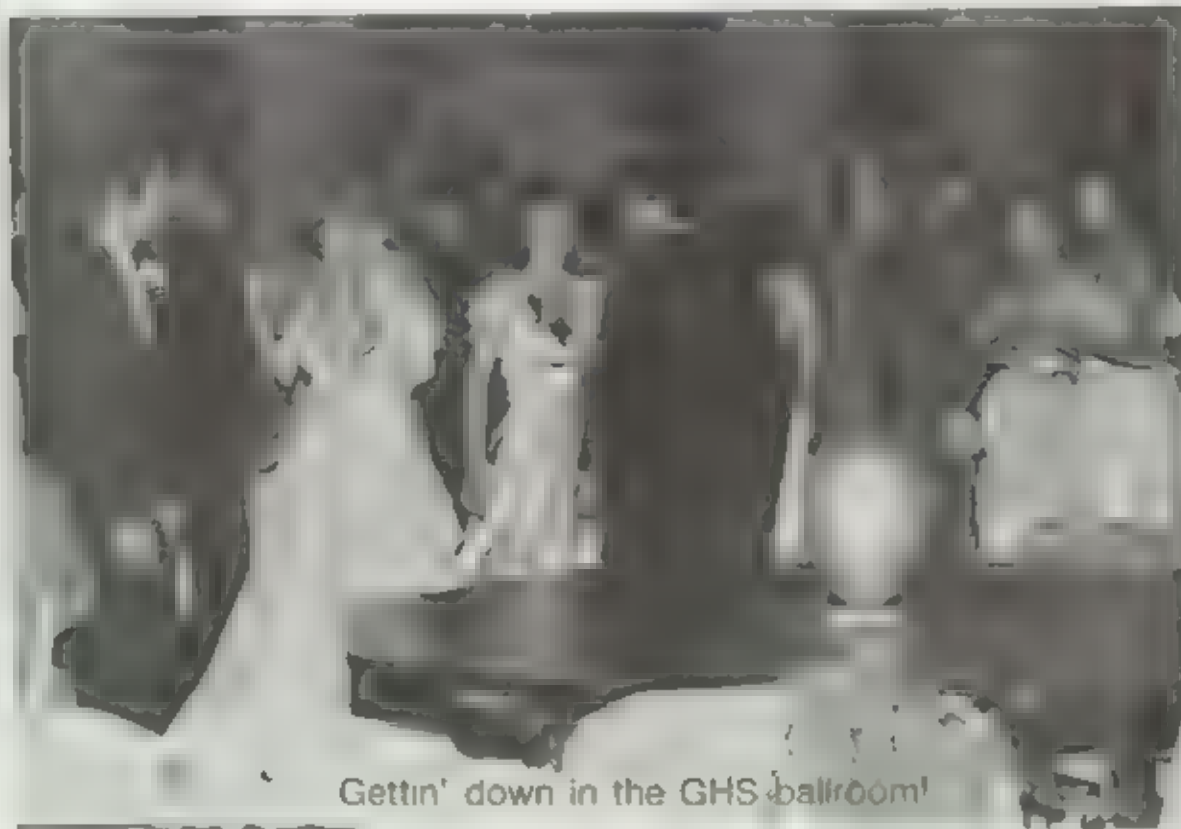

The Fall Formal this year was another great success. The Annual Staff decorated this year by using fewer streamers and a lot of balloons. The colors were dark and night blue with silver. The Honorary Couples were announced and while they danced to the theme song, "When you Close Your Eyes", over 500 balloons fell from above to cover the ballroom floor

## *Vicki Leaves . . .*

Vicki Wolkenhauer left for Palmerston North in New Zealand on January 25, 1985. Vicki was very excited about leaving but felt apprehensive about her journey down under. Vicki is hosted by Chris and Suzanne Wall. She will be returning to Grandview in January of '86.

## *Michelle Arrives*

Michelle Carfrae arrived here from Australia in January of this year shortly after Vicki left us. Michelle had some trouble adapting to our society, but it didn't take her long to fit right in.

Michelle will be here until January of next year and will stay with different families during the time that she will spend here.

We are lucky to have such a neat student and friend like Michelle.

Even though the 1984 football team had little success they were willing and able to give a 110% in every game. The Greyhounds were coached by someone new this year, Mr. Shook. He gave a lot of confidence to the guys and even a new nickname that lasted all season long and throughout the school, "Buckshotters". With the spirit created by this name the hounds were able to have the best record since 1979.

The 84-85 annual staff is not all fun and games. Between what may appear to be half wandering and window peeking, we do have a lot of work to accomplish. Each individual has his or her very own assignment to last the year. Whether you're an editor, a page designer, or a photographer, you are an important part of the staff.

This year was an extremely difficult one for everyone, including Mr. Leaverton. This would be our first year transferring over to a spring delivery book. All the deadlines were moved up drastically to meet the final deadline of March 1, 1985. A lot of the page designers were very far behind. People began to panic and everyone was getting on each other's nerves. But each year we manage to solve all our problems and come through with an exciting yearbook for you to enjoy.

Tavo,

well It's real hard to think of something to say to you since you already know everything about me. I SURE am going to miss you more than anything next year. I pray to God that you will come and see me every chance you CAN. We can have some real wild weekends. I am also counting on you coming to some of mechele's and mine V-ball games next year. I know in my heart that we can make it next year, I'm very confident about it. with one exception the influence of you know who. But I TRUST you.

you are such a respectful and fun loving guy and I really appreciate it. You are everything I want in a man... your sincerity, respect, Love, and care, your sandy blonde hair, eyes, and you have an exspecially nice body. I can't tell you how much I Love you because there are no words that express the deep feelings I have for you. You have given me so much strength and courage and you probably don't realize how much you have calmed me down this past year. It has been the first time in my life that I have felt as much love and care from anyone as I have with you. I feel that God is with us and has meant us to be with each other, or we wouldn't have lasted this long and continue to grow stronger with every passing day. God I LOVE you so much. I wish I could show you how much but it's just not the right time. Here are some reasons why I Love ya! ...

your touch  
your back rubs  
your respect  
your courage  
your boldness  
your sense of humor

your kindness  
your understanding  
your ability to make me happy along with others  
your cheerfulness  
your aggressiveness  
your openness

But most of all your LOVE.  
What a Guy!

Love

I LOVE YOU... I LOVE YOU... I LOVE YOU... I LOVE YOU... I LOVE YOU...
